Reasons For Allowance

1. The following is an Examiner's Statement of Reasons for Allowance:

The prior art taken either singly or in combination fails to anticipate or fairly suggest that which the Applicant claims in claim 5 in a manner which would warrant a rejection under 35 U.S.C. § 102 or 35 U.S.C. § 103.

The prior art fails to teach a combination of all the claimed features as present in independent claims 1 and 14, which include an actuator bar having two ends, each end coupled to one of the lens members, whereby moving the actuator bar toward the bridge forces the ends of the actuator bar apart and moves the lens members into the open position.

The prior art fails to teach a combination of all the claimed features as present in independent claim 9, which include a locking mechanism for maintaining the lens members in the opening position.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication should be directed to Examiner Dang at telephone number (703) 308-0550.
